HI-VIZ SOFTSHELL JACKET
DURABLE, VISIBLE, COMFORTABLE AND LOOKS GREAT!

ANSI CLASS 3 SOFTSHELL JACKET

MAX622 SAFETY GREEN WITH BLACK BOTTOM (S-6XL. LT-6XLT) **\$78.00**

MAX™

FEATURES

This special 3 layer bonded shell is constructed of a breathable 96% polyester/4% spandex windproof, water and tear resistant outer shell. The thin breathable membrane between the outer shell and micro-fleece provides additional wind and rain protection. The comfortable micro-fleece inner layer provides extra warmth. Packed with pockets, this jacket allows easy storage for many of the contractors must have items! Features black reflective piping accents for extra visibility. The YKK zipper and sewn reflective taping provides long lasting durability. Meets ANSI/ISEA 107-2015 Class 3 requirements.

INTRODUCING OUR NEW MESH LEG GAITERS & PANTS

EASY AND EFFECTIVE ADDED VISIBILITY

ANSI CLASS E MESH LEG GAITERS

MAX121 SAFETY GREEN (ONE SIZE FITS ALL) \$14.00

FEATURES

When additional visibility is needed our mesh leg gaiters are a quick and effective solution. Featuring easy on/ easy off hook and loop straps at top and bottom with elastic on both ends. The reflective taping is sewn on for added durability. Meets ANSI/ ISEA Class E requirements.

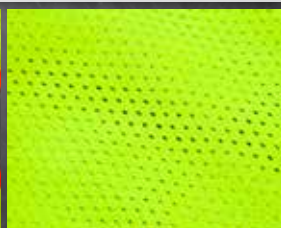

ANSI CLASS E MESH PANTS

MAX125 SAFETY GREEN (S/M, L/XL, 2XL/4XL) \$28.00

FEATURES

Complete your high visibility uniform with our durable and breathable mesh pants. Features include half elastic waist with a drawcord and cordlock making it a breeze to slip on and tighten up for a snug fit. The bottom legs have extended openings with Velcro closure making it easier to slip on over boots. The reflective taping is sewn on for a longer lasting garment. Pass through left and right hip pockets allow easy access to pant pockets. The backside pocket and lower cargo pocket on right leg offer additional convenient storage. The black bottom hides the dirt keeping the pants looking better for longer periods of time. Meets ANSI/ISEA Class E requirements.
